

## EOL Notification: A5530 Series & RTAS Mats

Notice date: 02 December 2025

### End-of-life Notification

Times-7 is initiating the End-of-Life (EOL) process for two legacy products: the A5530 antenna series and the RTAS (Race Timing Antenna System). This notification is to inform you that these products will be discontinued and will no longer be manufactured by Times-7, six months from today's date.

#### A5530 Series

#### Race Timing Antennas (RTAS) Mats

### Impacted Part Numbers

Both the A5530 and RTAS will remain available for purchase for the next six (6) months, after which they will be fully discontinued.

We encourage customers with ongoing or upcoming deployments to plan accordingly.

A5530 Series	A5530C	A5530V	A5530H
FCC	71644	70890	72018
ETSI	71752	70887	72017

RTAS	Mat-1	Mat-2	Mat-3	Mat-4	Mat-5	Mat-6
Cable length	2.62 m / 8 ft 7 in.	3.84 m / 12 ft 7 in.	5.06 m / 16 ft 7 in.	6.28 m / 20 ft 7 in.	7.50 m / 24 ft 7 in.	8.72m / 28 ft 7 in.
FCC	70276	70277	70278	70279	70280	70281
ETSI	70270	70271	70272	70273	70274	70275

### Recommended Replacement

We understand that transitions like this can affect your planning and operations, and we're committed to supporting you to ensure a smooth migration to the recommended antennas.

The A5531 (stand-alone) antenna offers the same performance as the A5530 and RTAS while maintaining their low-profile, high-read-zone benefits.

A5531 Series	A5531C	A5531V	A5531H
FCC	71741	71100	On request
ETSI	71846	71103	On request

**Please note:** the A5531 does not include the moulded polyurethane housing.

We'd advise that for outdoor or rugged environments, an enclosure must be used to ensure adequate protection.
